

Message no. 170 on Monday 6/9/2014 @ 12:45 P.M.

The Visionary (V) was cleaning the containers that hold the Sacramentals, to place them in the cabinet that was prepared to hold them in the house she moved to. Two women were helping her. While working, she began to experience a feeling of restlessness, and kept moving in and out of the room.

One of the women noticed that the V's face was glowing! And told her that light was emitting from her face. Then the V went into ecstasy, and was seated on a chair, to prevent her from falling to the floor.

The Virgin Mary started to talk to the V, and said: "I am here, I am here, I am here. The Holy Spirit is here moving among you. Tell them to kneel. Tell them to make the sign of the Cross three times."

The V did not understand at first what the Virgin Mary was asking her to do.

The Virgin Mary repeated: "I am telling you to tell them (The Two women)." At this, the V told the women: "Kneel, Kneel, Kneel, and make the sign of the Cross on your faces Three times."

Then the Virgin Mary spoke again to the V, and gave her directions as to how to arrange the Sacramentals as follows: "Place Me (The Icon) higher. Place Father Yosib (Statue of St. Joseph), the intercessor of families, next to me, your right side, and place The Heart of my Son (Statue of the Sacred Heart of Jesus) at my left side, your left side. And place my guardian (Statue of St. Michael) to my right near Father Yosib."

While the Virgin Mary was speaking to the V and giving her instructions as to how to arrange the display of the Sacramentals, the V was repeating these instructions to the two women, who did as the V was telling them. "

**The configuration of the display of the Icon and the statues of Jesus, St. Joseph and St. Michael, according to the directions of the Virgin Mary, appear as follows: By standing in front of the cabinet, which holds the Sacramentals, one will see the Icon of the Virgin Mary placed at the center and is elevated about 6" above the base of the cabinet. The Statue of Jesus stands to the left of the Icon, and the statue of St. Joseph stands to the right of the Icon. The statue of St. Michael is placed at the right side of the Icon and close to the statue of St. Joseph. The rest of the Sacramentals are placed all around them. They all continue to ooze oil.
